

March Into Reading

CORPORATE ENGAGEMENT OPPORTUNITIES

WHAT IS MARCH INTO READING?

A month of activities to support our families to incorporate language and literacy experiences as essential parts of their daily routines. And we're thrilled to be offering both in-person and virtual experiences this year.

HOW CAN YOU OR YOUR COMPANY PARTICIPATE?

Partners throughout the community enrich the quality of Jubilee JumpStart's program and the experiences of our children, parents, and staff. **March Into Reading** offers unique opportunities for our corporate partners to connect through sponsorship and give your employees a place to volunteer.

With your support Jubilee JumpStart children and families can receive the resources they need, in school and at home, to develop the skills and confidence to succeed in kindergarten and beyond.

ABOUT JUBILEE JUMPSTART

Located in the Adams-Morgan neighborhood of Washington DC, Jubilee JumpStart provides high-quality early childhood care and education to infants, toddlers, and preschoolers from diverse social and economic backgrounds, with a focus on children and families with the least access. Our evidence-based approaches address children's social and emotional well-being, building partnerships between parents, teachers, and the community to ensure children grow, thrive, and succeed in school and life. Our programming includes the whole family, not just the enrolled student as we know that a strong healthy family unit is critical to a child's development.

Contact Danica at (202) 506-4607 or dbenson@jubileejumpstart.org to register your organization or for more information.
